26.02.2017 - 04.03.2017

THE OFFICIAL EMBLEM OF THE COMPETITION

Dear athletes, coaches, staff members and organizers!

It is an extreme pleasure to welcome you to our junior boys and girls competition that will take place at the city of Khimki in Moscow Region on 26 of February through 4 of March 2017.

Khimki is a city in closest proximity to the capital of Russia Moscow. It will be the first time that it hosts an international biathlon event that promises to turn into large sports festival with some new faces to see on the podium.

It's time for young athletes to light up new stars on the biathlon sky, to show what they can achieve and to bring home medals earned through long training and hard competition.

I have no doubt that this tournament will reveal new talents. I'm totally confident that today's beginners are tomorrow big names of the international biathlon scene.

Russian biathlon Union is expecting to see athletes from different countries on the prize podium.

We are eager to present the younger members of the biathlon community into the big sports, to give them opportunity to compete on the international level as early in their careers as possible.

Moreover we are committed to make this tournament a regular event to see more and more of young biathlon enthusiasts each year. For athletes it is a rare opportunity for an international experience as well as a chance to make new acquaintances among colleagues and sports fans of their age.

I wish everyone a fair competition and good luck on the track.

President of the Russian biathlon Union
Alexander Kravtsov
